

DON KARUNARATNE

SENIOR SCHEDULING ENGINEER/DELAY ANALYST

Don is an exceptional planning engineer with more than 18 years' experience in construction planning and delay analysis for major building and infrastructure projects in Auckland, Hong Kong, Taiwan and Sri Lanka. His experience includes critical path analysis using detailed programmes and 4D planning and reporting, as well as contract administration, including extension of time claims, pre-construction planning and design review.

He has recently worked for Fletcher Infrastructure as a Senior Scheduling Engineer in charge of the Waterview Tunnel project for NZTA. He is a professional, dedicated worker who picks things up very quickly. He is analytical, methodical and detail orientated, with great commitment to the task in hand.

KEY PROJECTS

- Waterview Tunnel Project for Fletcher/Well-Connected Alliance
